Build a virtual gamified learning environment that will educate, motivate, celebrate and evaluate your team with:

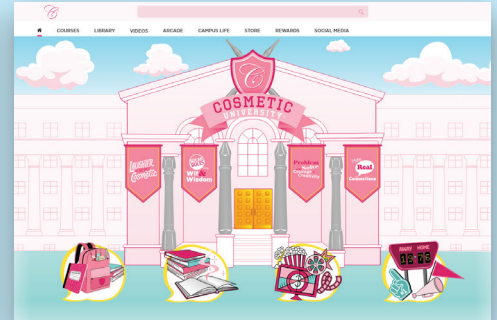

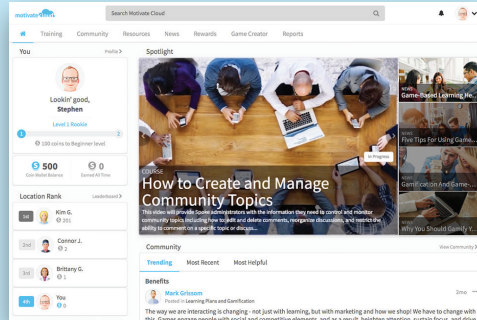

- **GAMES:** 10 pre-built game templates that you can customize with your own training content and share with employees in minutes
- **MISSIONS & JOURNEYS:** add videos, PDF's, weblinks, SCORM files, etc.
- **LEADERBOARDS:** showcase top performers
- **ACHIEVEMENTS:** present badges for accomplishments including streaks, high scores, winning battles, unlocking content, etc.
- **PRIZES:** award prizes for reaching higher levels and earning top scores
- **INCENTIVES:** offer mini games that encourage repeat visits/play
- **NOTIFICATIONS:** alert players when they have earned achievements and prizes, and when battles have started or concluded
- **ANALYTICS:** track a range of metrics including engagement, frequency and accuracy

# Looking for an LMS that your team will look forward to using?

Motivate Cloud offers personalized, collaborative, social and game-based learning all-in-one easy to use software.

Train, engage and reward your teams with Motivate Cloud, the social learning management system that gets 4x more engagement than other leading platforms.

## Go Mobile

Everything in Motivate Cloud is only two clicks – or taps – away, using any device.

## Simplify Training

"Intuitive." "User friendly."  
"Nothing is buried." Well, at least that's what our clients say.

## Play Well With Others

Integrate with your existing tools using APIs, FTP, and Single Sign-on.

## Reduce the Noise

Only see the content that's relevant to you based on your role or team.

## Personalize It

Configure widgets, gamification settings, and more to match your brand and culture.

## Stay Secure

Enjoy a secure, cloud-based platform with enterprise-level security.

## Search Everywhere

Find exactly what you need, when you need it, using Motivate Cloud's powerful global search.

## Measure What Matters

Get insight into valuable metrics like course performance, social participation, and engagement.

## Get Started Quickly

Get up and running in weeks, not months. Go ahead. Plan your launch party.
